

USA National Growth & Corridor Framework

Contiguous U.S. planning zones, metro influence areas, and corridor structure

The main map opens on the lower 48 so corridor and metro detail are readable immediately.
Planning zones are analytical cells scored by proximity to major metros and corridor spines.
Seven bookmarks provide direct zoom access to the Northeast Corridor, Great Lakes, Texas Triangle, California, the Pacific Northwest, and the Southeast.

Layer Stack

Base Geography

- North American Context
- United States

Planning Zones

- National Planning Zones
 - National Core
 - Growth Belt
 - Resilience Watch

Metro Influence Areas

- Primary Metro Area
- Secondary Metro Area
- Regional Area

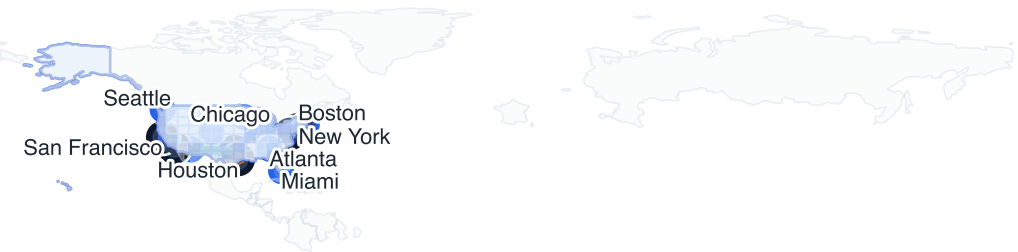

Networks

Strategic Corridors

- Mega Corridor
- Freight Spine
- Energy Arc
- Sun Belt Link
- Growth Arc

Major Metros

- Primary Metro
- Secondary Metro
- Regional Metro
